Police Gazette belt and the world's championship.
Olson, who was seen in action here lan Tuesday night, when he defeated Jack Jordan, of Toledo, is in perfect condition. He has been giving bouts and taking exercise at the schishore, and is as brown as one of the little "black men" from the Philippines. He is all hone brawn and muscle, and will is all hone, brawn and muscle, and will go into the centest with the determina-tion to carry back to Sweden with him the belt which Turner has held for

several years.
Turner has been in the East for the past several weeks engaging in various bouts and wires that he will be without an excuse as to his physical condition when he meets Olson.

With so much at stake and such clever and scientific men as opponents, Juesday night's match will doubtless attract the banner crowd of the sea-son, and also furnish an evening of excellent and interesting sport. The bout will start at 8:45 o'clock, after a preliminary between local wrestlers. Women will be admitted

and just then McLoughlin broke his racquet with a terrific smash at the ball, and he lost the point, putting the Britishers 40-30. Acting as cool as if it were the very first shot in the match, the Californian got a new racquet and won the game, snatching the set out of the fire. It was the greatest exhibition of nerve ever seen by a tennis player. This brought the tally 5-all and, all of a sudden, McLoughlin began to peach and he ran out the set at 7-5.

There was a battle for blood in the fifth and deciding set. After every shot the Englishmen advanced like a battering ram to the net. They led

# GARDIN SHUTS OUT **BUILDERS TWICE**

Sets New Record for Season, Holding Newport News Scoreless in Two Games.

Newport News, Va., July 26.—Bert Gardin, Roanoke's southpaw pitcher, hung up a new pitching record in the Virginia League to-day, when he shut out the Shipbuilders in both games of a double-header, pitching eighteen consecutive innings. He allowed but ten singles and two doubles in the eighteen innings, passed but one man, and was in danger of being scored upon but once.

nd danger of being scored upon but once.

Buck Barton pitched the opener, and was pounded all over the field, the visitors getting twelve singles and a double. Austin pitched the second game, and, with proper support, would have forced Gardin into overtime for a verdict, for he pitched shut-out ball during the nine innings. Rain stopped the first game for half an hour, and this kept the crowd down. The scores:

# Cadillac Leadership in Scientific Motor Car Development is Once More Strikingly Demonstrated

A new element of efficiency A new quality of luxury Each year you have looked to the Cadillac for the

real and substantial progress in motor car develop-You have looked to the Cadillac for the great

essentials in the practical motor car. And you have not looked in vain. Now conceive, if you can, a Cadillac with its

essential functions sharpened, accentuated and re-Conceive such a process of refinement culminat-

ing in an entirely new riding quality of unexampled This is precisely what has come to pass in this new car.

The principal contributing factor—the two speed direct drive axle—is described in detail elsewhere. The Cadillac Delco electrical system of automatic cranking, lighting and ignition, the first practical system ever made and first introduced by us, has, after experience with it on 27,000 Cadillacs, been still further developed, improved and simplified and the slight attention required from the user materially reduced.

The carburetor has been improved, its efficiency and its well-known economy increased. It is hot water jacketed and electrically heated to facilitate

at either side. These and many other refinements of essential details make for a greater and a better Cadillac and serve to more firmly establish its position as

America's leading motor car. The Cadillac Company has never disappointed you in the smallest particular or in a single

promise. We promise you again, in this new car, a positive revelation in motor car luxury.

The 1914 Cadillac must be seen and demonstrated to fully appreciate its many superiorities. It will be on exhibition at our salesroom after July 31st. Deliveries commence August

Actually Bat In 334 in First Seventy-One Games Played This Season.

Connie Mack's White Elephants, pace-setters in the race for the American League pennant, have averaged lating fans cool the atmosphere in-nearly six runs to the game. In the first seventy-one contests in which side. they participated the Mackmen crossed the plate 404 times, errors of the opposition helping them to forty-nine counters and battery misplays of their adversaries enabling them to acquire ten tallies. Eleven markers were se-cured through the medium of steals, leaving 334 runs that the Athletics

actually batted in.

Mack had a splendid quintet of timeiy hitters in Frank Baker, Jack Mc-Innis, Eddie Collins, "Rube" Oldring and Jack Barry, the best of the lot, according to the records, being Baker. The Mauling Marylander, who stands a good chance of winning the Chalmers car offered to the American League player who does the most for his team, has hammered home sixty-two tallies, and if he keeps on hitting in the pinches as he has been doing, will possibly set a new record for the American League in driving in runs. "Stuffy" McInnis ranks second as a timely hitter among the Mackmen. He has put the finishing touches to fifty tallies. Eddie Collins, with forty-one, ranks third, and Oldring and Barry are tied for the fourth position, each with thirty-eight runs batted home, and Strunk is a fine sixth, with thirty counters driven in to his credit. In fact, all the Mackmen have been hit-ting in the pinches, which is the principal reason the team shot to the fore and has stayed there.

Even Ensign Cottrell, a slabman who was never accused of being a heavy hitter, batted valiantly while he was with the Athletics. He took part only in one full game, but in that contest he cleared the bases of their three inhabitants with a double.

The number of runs batted in by the Athletics in their first seventy-one games are revealed below: S. H. S. F. I. O. Total

# AMUSEMENTS.

It does not require many descriptive adjectives to tell about the bill opening at the Colonial to-morrow matinee. The five acts comprising the matinee. The five acts comprising the program are all well-known features. Detro, the world's greatest planoaccordionist, will be the headline act for the week. Just how good a musician Deiro is needs not be asked. The very fact that he is the undisputed king of this difficult musical instrument, and a showman in every sense of the word, has stamped him as a favorite throughout this country, and orite throughout this country and

Europe. Some may confuse Deiro with Peitro, and for their information, it might be said these two splendid accordionists are brothers, Deiro being the elder of the two. Peitro has appeared here on two different occasions and won much favor. Deiro is new to Richmond, and will gain even greater favor than his brother.

A great treat for the children is in store, and not only do Camille's roodles appeal to the children, but to grown ups as well. Camille's twenty

grownups as well. Camille's twenty little canine performers represent the acme of animal training, the clever aeme of animal training, the clever little actors doing everything except talk to their mistress. The act is ex-cellently staged, and will be one of the most pleasing numbers of the new program. program.

Marvin, Cahn and Nugent, a trie of young men who specialize in comedy and cinging, will offer the newest pop-ular song hits in their very inimitable

style.

Jack and Foris, comedy acrobats, will find favor with the Colonial patrons, These boys are clever, and their stunts never fail to evoke hearty

laughter.
Wilson and Parson, presenting their original laughing absurdity entitled "At the Reception," will complete the bill.
